This historic bull was an important factor in the development of the herd. Nine of the fourteen cows on offer are sired by him. Every cow in the sale has a good udder and is doing a grand job of raising her calf. These daughters of "Good Hope" really nicked with the son of "Norseman 117th" as you will agree when you see the wonderful set of calves. These calves could grow into your next herd bull—this is a three-in-one combination, cow, calf, and bred again—three head for the price of one. There has been no picking or choosing—all cows with bull calves are selling plus two with heifer calves so that there will be something for everyone. I will be looking forward to meeting you at the Gardiner farm on June 27th.

J. R. Blacklock, Manager.
Blacklock Auction Service.

FOREWORD

Our Shorthorn herd was started on a farm at St. Mary's, Ontario. We purchased five heifers from Mr. W. A. Bragg of St. Mary's, in 1938. They were sired by CEDAR LANE WILLIAM owned by J. White, St. Mary's and bred to ROBINWOOD DAUNTLESS and had their calves in 1939. We followed along with LANCASTER PRINCE bred by W. A. Dryden, Managing Director of the Toronto Royal, and other good Ontario bulls including a son of McGillivray's CALROSSIE VICE CONSUL.

The herd was moved from the farm in Ontario to Lemberg in 1943. We have used a Gallinger bull, BALMUCHY JUPITER; a son of COLLYNIE REMEMBRANCE; followed by the two good bulls pictured above; then SCOTSDALE GOWRIE, bred by S. G. Bennett, Georgetown, Ont.; and finally the son of KILLEARN NORSEMAN 117th, bred by Rhys Williams, President, Canadian Shorthorn Association, Melville, which sells as Lot 1.

The cattle on offer have not been produced for show or sale but are part of our breeding herd and have been handled as such. The breeding herd has developed in numbers to the point that we do not have accommodation for them. We therefore decided to sell all those over five years of age with bull calves at foot and a few with heifer calves to accommodate those who may be seeking a female.

Health—T.B. Free Area and the herd is Fully Accredited. Abernethy Municipality in which the herd is located has been tested under the Bang's Control Area legislation and this herd was tested and declared negative. We had previously kept the herd tested and have never had Bang's.

James G. Gardiner.

PLEASE

POST

RHYS WILLIAMS BRED BULL . . .

. . . SON OF KILLEARN NORSEMAN 117th

The herd sire selling as Lot 1 is a paternal brother to this bull. The calves selling with their mothers are all by him—a very outstanding group. He is also the sire of the yearling bulls.

RT. HON. JAMES G. GARDINER, LEMBERG, SASK.

PLEASANT VIEW FARM
